New Sausages From Trois Petit Cochons

Les Trois Petit Cochons introduced several new items at this year's Summer Fancy Food Show, including a fabulous Venison Pâté and new sausages. The sausages include Smoked Chicken & Apple, Chicken with Black Truffles, and Andouille, as well as pâtés offered in slices for convenience and quick sales. As with all their top-quality products, the new sausages are made from all-natural ingredients according to traditional European recipes.

All told, they make a fine addition to the ever-growing charcuterie selection from Les Trois Petit Cochons. For more information, call 800-LES-PATES, or visit their charming Web site at www.3pigs.com.
